# GRAD ED PROGRAM

- In FY-03 LDOs received authorization for three officers to attend NPGS Monterey each year
- Curriculum: Systems Engineering Analysis
- Length: 18 months
- Classes convened January and July.
- FY-04 Aviation granted 2 quotas for Logistics curriculum vice SEA curriculum.
  - Gives Level III Acquisition Certification

# GRAD ED (cont)

- Pers-41 has one quota per year; Pers-43 has 2
- Detailers decide who attends and when.
- Other NPGS GRAD ED opportunities may be available, depending on demand
- URL/RL/Staff Corps detailers from various warfare communities may give quotas to LDOs.
- CWOs are not eligible
-

# GRAD ED (cont)

- Attendees will have 3 yr pay back upon completion
- LDOs will not be assigned a “P” Code

# OCM Recommendation:

- Promotion boards will hopefully never penalize an officer who successfully completes this program for “being out of designator”.
- Detailers should select only the very best, upwardly mobile prospects for PG School.
- Strong academic/math background required
- Let OCM know if there is more demand for billets. Mid-year review is held each Jan. - that's when “sweep up” billets may be obtained.
  - If they exist, will be short notice fills
